

McKesson CSOSManagerSM

Convenient one-stop shopping from Class II narcotics to medical-surgical and office supplies

Seamlessly integrated with McKesson SupplyManagerSM, **CSOSManager gives you access to our portfolio of Class II (CII) narcotics, real-time access to reporting and easy online returns.** Using the Drug Enforcement Agency (DEA)-approved public key infrastructure (PKI) technology, CSOSManager permits secure electronic transmission of your CII narcotic orders without using manual paper 222 forms.

To use CSOSManager, those who want to sign electronic orders for controlled substances must enroll individually with the DEA to get a personal CSOS certificate.

Once you are enrolled and install your digital certificate, you can order CII narcotics and digitally sign for them on SupplyManager.

Five benefits of CSOSManager

1 Secure

–CSOSManager uses DEA-approved PKI technology

2 Integrated

–CSOSManager works whether you place your orders through:

- cXML
- EDI
- Phone
- SupplyManager
- Your Account Manager

3 Efficient

- Unlimited lines per order (no more 10-line paper form limitations)
- Faster delivery times with most orders arriving next day

4 Flexible

–Paper 222 forms are still supported for contingencies and returns

5 Cost effective

–Provided at no additional cost

Signing up is as easy as 1-2-3

1 Call our CSOS team for help with enrollment

We will submit your application to DEA.

877.4MK.CSOS (877.465.2767)

CSOSManager@McKesson.com

Your application walk-through takes just 30 to 60 minutes.

2 When the DEA approves your application,

you will get your Signing Certificate in about four to eight weeks.

3 Make your appointment with our CSOS technical team

for installation and training.

877.4MK.CSOS (877.465.2767)

CSOSManager@McKesson.com

Depending on how many certificates you need installed, this should take about 45 to 90 minutes.

What you need for your DEA CSOS application [www.deaecom.gov]
