Reserving flu vaccine **is easy!**

Pre-book online through **McKesson SupplyManager**℠

or

Complete our electronic **Influenza Pre-book Form** and email it directly to **vaccineconnection@mckesson.com**

Make the **Wise** Choice

McKesson FluWise® is the one stop for your flu needs

The American Academy of Pediatrics (AAP) strongly recommends that everyone over the age of 6 months, including pregnant women, receive the flu vaccine every year.[1] Prepare for the flu season with McKesson FluWise®, our comprehensive, year-round program. You'll have access to a variety of flu products including vaccines for all patient demographics and needs, savings, stability and support every step of the way.

Pre-book today!

When you order flu vaccines from McKesson Medical-Surgical you get:

Free next-day delivery[2]

No order **minimum**

Dedicated flu team

Competitive return policy for eligible pre-books

Extended terms

Access to needles and syringes, flu test kits, vaccines and other seasonal **supplies**

Access to complete spectrum of **lab services**

Competitive pricing and rebates

Access to new COVID and RSV vaccines, comprehensive specialty and generic pharmaceutical portfolio and more

Access to **industry updates, trends and news**

Access to **multiple manufacturers**, providing you with options to address **all flu needs**

No limit on **shipping locations** per order

Access to our **patient engagement tools**

Pre-booking flu vaccine early is the best way to **secure the quantity you'll need** and avoid manufacturer waitlists, which typically begin in March.

Don't forget to give us your email address when you pre-book so you receive industry news and shipping updates!

2026–2027 Flu Season

Flu Vaccine FAQs

Q: When will my flu vaccine arrive?

A: Flu vaccines typically arrive between mid-August and mid-October. McKesson will contact you by phone or email when your flu vaccines are available for shipment. We ship flu vaccines based on manufacturer availability.

Q: Does McKesson carry any thimerosal-free or preservative-free influenza vaccines?

A: Yes. Our pre-filled syringes are thimerosal-free/preservative-free.

Q: When is the best time to administer influenza vaccines?

A: September and October are good times to administer influenza vaccines. However, as long as flu viruses are circulating, vaccination should continue into January or later.
