Your convenient **comprehensive solution**

We understand that sourcing vaccines can be complex. But having them readily available and accessible to protect your patients is vital. That's why McKesson has built a comprehensive solution to support you.

Streamlined ordering and inventory management

- **Single source** for all your adult and pediatric vaccine needs
- **Expanded 6-month return policy** to minimize loss of inventory*
- **No minimum order** requirements or fees
- **Distribution** meeting FDA requirements for cold chain and serialization
- **Simple online ordering** and invoicing, plus storage of product data to meet regulatory requirements
- **Help accessing** eligible group purchasing organization (GPO) and manufacturer pricing contracts
- **Tools** to uncover purchasing patterns and standardization opportunities
- **Access to TruMed®**, a combination refrigerator and product management software

Flexible and reliable delivery solutions

- **Next-day delivery** to 95% of physician office locations and suites
- **Nationwide** distribution network
- **Dedicated Delivery Professionals**

Dedicated vaccine support

- **Knowledgeable vaccine team** helping to connect to vaccine pricing contracts
- **Dedicated Account Manager**
- **Fast, responsive** customer service with extended hours
- **Educational materials** for staff and patients

We offer competitive pricing on vaccines through our partnership with **Atlantic Health Partners**, one of the largest Physician Buying Groups in the country. Contact your Account Manager to learn more!

*Return policy may not apply to all vaccines.

Vaccine Management Made Easy.

- Enhance patient safety
- Save time
- Standardize workflows
- Automate compliance

Learn more

Don't let vaccine storage cause you **problems**

Have a detailed standard operating procedure (SOP) for proper vaccine management

Train your staff to receive, handle and administer vaccines properly

Use pharmaceutical-grade equipment designed to refrigerate or freeze

It's time to update your pediatrics immunization schedule

The Advisory Committee on Immunization Practices (ACIP) released their updated **immunization schedules and most current recommendations.**

Vaccine Information Statements (VIS) It's federal law!

All vaccine providers, public or private, are required by the **National Childhood Vaccine Injury Act** to give the appropriate **Vaccine Information Statements (VIS)** to the patient (or parent or legal representative) before every dose of specific vaccines.¹

You are required to record the following information in your patients' medical records:

- VIS edition date
- Office address, name and title of the person who administered the vaccine
- Date the VIS is provided (a VIS must be provided before a vaccine is administered)
- Date the vaccine is administered
- Vaccine manufacturer and lot number
