

# Adult vaccine reference guide

2024 | 2025

Adult vaccines you need to  
**help protect your patients**

# Make the **Wise** Choice

## McKesson FluWise® is the one stop for your flu needs

The CDC advises that everyone over the age of 6 months, including pregnant women, receive the flu vaccine every year<sup>1</sup>. Prepare for the flu season with McKesson FluWise®, our comprehensive, year-round program with access to a variety of flu products including vaccines for all patient demographics and needs, with savings, stability and support every step of the way.

Order today!

### In addition to vaccines, McKesson Medical-Surgical also offers:

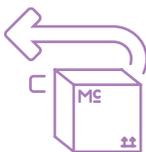

**Free** next-day delivery<sup>2</sup>

No order **minimum**

**Dedicated** flu team

**Competitive return policy** for eligible pre-books

**Extended** terms

Needles and syringes, flu test kits, vaccines and other seasonal **supplies**

Complete spectrum of **lab services**

**Access to other clinical programs** for respiratory, vaccines, infection prevention and more

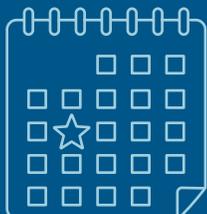

Year-round **promotional offers**

No limit on **shipping locations** per order

Access to our **patient engagement tools**

**CLICK HERE!**

Pre-booking flu vaccines early is the best way to **help make sure you get the quantity you'll need** and avoid manufacturer waitlists, which typically begin in March.

## Your convenient **comprehensive solution**

**We understand that sourcing vaccines can be complex.** But having them readily available and accessible to protect your patients is vital. That's why McKesson has built a comprehensive solution to support you.

### Streamlined ordering and inventory management

- **Single source** for all your adult and pediatric vaccine needs
- **Expanded 6-month return policy** to minimize loss of inventory\*
- **No minimum order** requirements or fees
- **Distribution** meeting FDA requirements for cold chain and serialization
- **Simple online ordering** and invoicing, plus storage of product data to meet regulatory requirements
- **Help accessing** eligible group purchasing organization (GPO) and manufacturer pricing contracts
- **Tools** to uncover purchasing patterns and standardization opportunities

### Flexible and reliable delivery solutions

- **Next-day delivery** to 95% of physician office locations and suites in U.S. locations
- **Nationwide** distribution network
- **Dedicated Delivery Professionals**

### Dedicated vaccine support

- **Knowledgeable vaccine team** helping to connect to vaccine pricing contracts
- **Dedicated Account Manager**
- **Fast, responsive** customer service with extended hours
- **Educational materials** for staff and patients

We offer competitive pricing on vaccines through our partnership with **Atlantic Health Partners**, one of the largest Physician Buying Groups in the country. Contact your Account Manager to learn more!

\*Return policy may not apply to all vaccines.

# Vaccine Management Made Easy.

- Enhance patient safety
- Save time
- Standardize workflows
- Automate compliance

Request a demo

## McKesson offers vaccine storage options to **help prevent storage problems**

**Have** a detailed standard operating procedure (SOP) for proper vaccine management

**Train** your staff to receive, handle and administer vaccines properly

**Use** pharmaceutical-grade equipment designed to refrigerate or freeze

## It's time to update your adult immunization schedule

The Advisory Committee on Immunization Practices (ACIP) released their updated **immunization schedules and most current recommendations.**

## Vaccine information statements (VIS) It's federal law!

All vaccine providers, public or private, are required by the **National Childhood Vaccine Injury Act** to give the appropriate **Vaccine Information Statements (VIS)** to the patient (or parent or legal representative) before every dose of specific vaccines.<sup>1</sup>

**You are required to record the following information in your patients' medical records:**

- VIS edition date
- Office address, name and title of the person who administered the vaccine
- Date the VIS is provided (a VIS must be provided before a vaccine is administered)
- Date the vaccine is administered
- Vaccine manufacturer and lot number
