Our dedicated team can help you understand your data and put it to work as actionable analytics, all at no cost.

You get peace of mind, knowing we're here to support you every step of the way.

McKesson Business AnalyticsSM: Easy access reporting

If you use McKesson SupplyManagerSM:

- Log in to McKesson SupplyManager
- Click the reports tab in the top menu
- Select New reports
- Open a report and set your date range
- Edit reports to exclude any information you don't want in your report
- Export your report or save the report for easy access in the future

If you don't use McKesson SupplyManager, contact your McKesson Account Executive and request access to your McKesson Business Analytics and reporting dashboard. Once you receive the link, click on the reports tab and follow the same instructions above.

The screenshot shows the McKesson Business Analytics reporting dashboard. At the top, there are navigation tabs: Dashboard, Business Insights, Reports (selected), SpendManager, and Backorders. Below the tabs is a search bar for reports by name, a 'Sort By' dropdown menu set to 'Most Used', and a 'Show Hidden Reports' checkbox which is checked. The main content area features a 'Welcome to new reports in SupplyManager!' message, a 'Select New Report to get started!' section with links for 'Run a new Report', 'Edit and Save a Report', and 'Schedule a Report', and a 'Need More Help?' section with instructions on how to access legacy reports. Below this is a section titled 'PO/Packing Slip/Invoices (4)' with a dropdown arrow. This section contains four report cards: 'Invoice Order', 'Drill to Invoice', 'Purchase Order Detail', and 'View Packing Slip'. Each card has a 'New Report' button, a 'Saved Reports' dropdown, and a 'Hide/Show' toggle switch.
