of age and older

MCKESSON MEDICAL-SURGICAL

Your single source for vaccines

With the chaos of back-to-school season, you don't have time to spend shopping around for vaccines. McKesson Medical-Surgical has the vaccines you need in one place, so you can focus your time on your patients.

Plus, we'll make sure you're ready for respiratory season with opportunities to pre-book and purchase both flu and COVID-19 vaccines, so you can be confident you're prepared ahead of time.

Streamlined ordering and inventory management

- **Generous return policy** on most vaccines to minimize loss of inventory*
- **Distribution that meets FDA requirements** for cold chain and serialization
- Help accessing eligible **group purchasing organization (GPO)** and manufacturer contracts

Distribution you can count on

- **Reliable** nationwide distribution network
- **Dedicated** delivery professionals
- **Flexible** delivery and ordering options

Unparalleled vaccine support

- **Knowledgeable vaccine team** helping to connect vaccine pricing contracts
- **Fast, responsive** customer service
- **Educational materials** for staff and patients

Competitive pricing on vaccines

We work with **Atlantic Health Partners** to provide your practice with a comprehensive vaccine program. Our unique program provides you with tools that help lower your vaccine costs and strengthen your immunization efforts.

Manage vaccines and pharmaceuticals seamlessly

AccuSite™ by TruMed delivers healthcare facilities a centralized, HIPAA-compliant, cloud-based platform that ensures complete transparency of your inventory. AccuSite™ offers total integration with TruMed's vaccine and pharmaceutical management products, AccuVax® and AccuShelf®.

LEARN MORE

Inventory optimization and reporting

- **Enterprise** cloud-based management, reporting and analytics
- **Easy ordering with usage-based suggestions** and options to use McKesson exclusive EDI integration
- **Central pharmacy** to manage enterprise-wide inventory via central hub and initiate and track electronically site-to-site transfers

Compliance and safety management

- **Separate 340B inventory** and easily meet audits with 340B workflows
- **Safety checks** for enhanced vaccine and medication safety with point of care checks to help eliminate errors and improve HEDIS efforts
- **EHR integration** to send orders between EHR systems and TruMed solutions for accurate patient charting and lot/expiry capture

Vaccine Information Statements (VIS) It's federal law!

All vaccine providers, public or private, are required by the **National Childhood Vaccine Injury Act** to give the appropriate **Vaccine Information Statements (VIS)** to the patient (or parent or legal representative) before every dose of specific vaccines.¹

You are required to record the following information in your patients' medical records:

- VIS edition date
- Office address, name and title of the person who administered the vaccine
- Date the VIS is provided (a VIS must be provided before a vaccine is administered)
- Date the vaccine is administered
- Vaccine manufacturer and lot number

1. <https://www.cdc.gov/vaccines/hcp/vis/about/facts-vis.html>

The **AccuVax® vaccine management system** is an all-in-one integrated fridge and freezer that helps with vaccine inventory. From accessing dose-level inventory with the touch of a finger to automatic checks on common vaccine errors before dispensing, AccuVax® makes vaccine storage handling and dispensing simple.

The **AccuShelf® inventory management system** simplifies inventory control, saves time, enhances patient safety and optimizes costs with one easy-to-use solution. AccuShelf® combines intuitive workflows, comprehensive barcode scanning, EHR integration and real-time data to deliver the ideal inventory tracking solution that supports high-quality care.

It's time to update your **pediatrics immunization schedule**

The **Advisory Committee on Immunization Practices (ACIP)** released their updated **immunization schedules and most current recommendations.**

Emergency Medications and Specialty Pharmaceuticals

Back to School: Chronic Care for Students and Families

Chronic care patients face unique challenges during back-to-school season. From schedule changes to financial burdens and emotional strain to routine shifts, students and families are faced with potential disruptions to care this time of year.

It's important for providers to understand what their patients face during back to school so they can adjust their care. We've compiled several tips for how chronic care providers can help their patients navigate these challenges.
